Wed., Sept. 21

Safety Patrol Oath

With Officer Bob

\*\*Photosynthesis Posters

Due

Thursday, Sept. 21st

Orchestra

Friday, Sept. 23rd

Spelling Test

Reading Log

Kids' Care

**Token Question:**

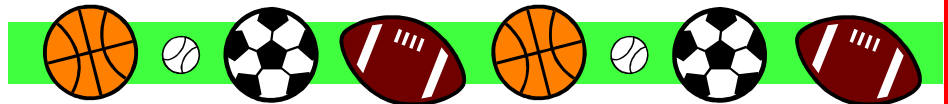

September 23 is the first day fall. What causes the earth's different seasons? Is it the differences in the distance from the Sun throughout the year OR is it because of the tilt of the Earth's axis??

When spelling or math tests come home, you will see a percentage and grade. I want the students to get used to seeing that their fix-its will turn into something REAL next year! I do not put a letter grade below a C, but will still write the percentage. Fix-its will still be FIXED, but I just wanted to let you know about what you will be seeing coming this year! I hope it will be an encouragement to the students.

### What We've Been Doing!

Onward we march into Chapter 2 of math with Algebra. We will continue to review concepts from chapter 1, lest we forget everything we've tried to cram in there!! We will be finishing up Home of the Brave next week. The big question is whether or not Kek's mom is found or not. In History we are taking notes on Native American tribes online with interactive questions. We're working on those middle school skills!! On a behavioral note, I just want to say overall how well this class is keeping it together! They know what to do and when to do it, sometimes before even I do!!! ;0)

### Kids' Care Drivers

Ellefson

Krier

Flannery

*Please be here at 1:20 to receive your assignment!*

*Thanks so much!*

**Those who are involved in band, orchestra and ULE are really going to have to take the initiative to get any work completed on time that was missed during the special pull-outs. I know you are dedicated, but it's going to have to take a lot of extra effort!!!**
