

# Mrs. Lundquist's 5<sup>th</sup> Grade Newsletter

January 23-27

What we've been up to!

**Judging for Science fair will take place during the day, but students will need to be here from 7:00 to 8:00 in the evening!!**

STARBASE on Tuesday was a KICK! They did hands on measuring, made a safety harness for Eggbert who was heading to the moon, (YOU WILL HAVE TO ASK!) and began designing their own space station on the computer. Prime Factorization was the buzz word for math. We spent an extra day reviewing and worked together at a looked unit test we forgot! In history we're working at writing a short front page newspaper full of colonial news. And the final bit is, of course, our science fair projects. I hope this weekend that projects can be finished up so there aren't any late nights next week!!! =0)

Tuesday, January 24<sup>th</sup>

Parent conference time  
slips to be turned in

Thursday, January 26<sup>th</sup>

Science Fair!! Bring  
projects in to gym between  
7:30-7:50 a.m.

Friday, January 20<sup>th</sup>

Spelling Test #20  
Reading log  
Kids' Care

\*\*at this time we need one  
more driver!

**Kids should be practicing their presentation at home as to what you are going to tell the judges! Let's sound informed!**

## Token Question:

We will be studying the Topic **LIVESTRONG** in family and many of you ordered tee-shirts. What is the name of the man who started this movement to **LIVESTRONG**?!

Please check the back table for STARBASE driving! We are still short a few times for driving. We really appreciate you helping us out!!

If you would like to help with the musical in any way, there will be sign up sheets where you sign in at the beginning of your commitment time. There are several ways we can use you! I know we need some creative make up artists!!
